

WGPPM Summit

NATIONAL BLEEDING DISORDERS FOUNDATION

WGPPM INITIATIVES & RESOURCES FROM ATTENDEES POLICY-ADVOCACY

ASOCIACIÓN PUERTORRIQUEÑA DE HEMOFILIA Y CONDICIONES DE SANGRADO

- Every year, we actively participate in Advocacy Day at the Capitol, where we amplify the voices of women and advocate for crucial changes to address period-related issues. Our focus is on advocating for comprehensive protocols and policies that support women with their periods in various settings, including schools, colleges, and workplaces. By actively engaging in advocacy at the Capitol, we strive to effect positive change and ensure that women with periods are afforded the dignity, support, and understanding they deserve in all aspects of their lives. Together, we can work towards creating a society where women's period-related needs are recognized, respected, and accommodated.

HEMOPHILIA FEDERATION OF AMERICA

- HFA is involved in numerous advocacy endeavors. Included in these are:
 - Continued advocacy for legislation regarding co-pay accumulator adjusters
 - Decision re: the Sisterhood App and data privacy
 - Advocacy days training, etc.
- Provided a statement regarding the importance of access to hormonal therapies: <https://www.hemophiliafed.org/resource/hormonal-therapies/>

HEMOPHILIA FOUNDATION OF NORTHERN CALIFORNIA

- HFNC incubated FAIR Time for Women, a national coalition that has since moved out from under HFNC and is acting on its own as a movement dedicated to diagnosis, care and treatment for WGPPM. FAIR Time for Women is crafting an algorithm for use in clinical settings to provide guidance to clinicians who seek it. FAIR Time for Women aims to identify barriers to diagnosis, care and treatment and increase treatment of WGPPM in HTC's by 5%.

POLICY-ADVOCACY

WORLD FEDERATION OF HEMOPHILIA

- The WFH supports its national member organizations in their national advocacy efforts through training and funding programs

NATIONAL BLEEDING DISORDERS FOUNDATION (NBDF)

- As part of the public policy team at NBDF our job is to help our community advocate and help pass legislation to improve the quality of life for our community members
- NBDF's Public Policy and Advocacy team has provided statements of support for access to reproductive care for WGPPM. [NBDF Responds to Roe v. Wade Reversal | National Hemophilia Foundation](#)
- NBDF worked to get report language in the FY23 appropriations package encouraging CDC to work with a national organization on education materials and peer support programs for patients on the impact of blood disorders on maternal health.
